Diary No. 1073 | Enclos. Seven Spare copies | Serial No. 1

BRIEF ABSTRACT OF LETTER

Forwards proposals for the reorganisation of the gazetted, executive, ministerial and menial establishment of the Department of Cooperation and the redistribution of charges of the several gazetted officers and Inspectors of the Department involving an extra cost of

NOTES AND ORDERS.

~~Rs 15/15~~ Rs 15/15½ for consideration. and request orders on his proposals

1) The proposals of the Registrar have not been embodied in the prescribed proforma statement and have not been verified by the Comptroller before transmission to Govt. In the proposed redistribution of circles in charge of the several Inspectors the number of Societies in the charge of each Inspector have not been mentioned. The Bangalore Division consists of 402 Societies

12) The Committee on Cooperation in Bengal appointed in 1935 found that the staff then existing was not adequate to the growing needs of the Department and recommended the increase of Assistant Registrars on the basis of 300 societies for an Assistant Registrar and a Personal Assistant to the Registrar and the Deputy Registrar having the rank and status of a Senior Assistant Commissioner. The strength of the Inspectorate was suggested to be increased from 42 to 55 on the basis of 35 or 40 societies for each circle, and one Inspector being given to every Divisional Office; the grades were to be of Rs 80-5-125 and Rs 40-5-75 the number in each grade being fixed as to allow a fairly free flow of promotion. [and the Asst Registrars having the rank of Asst Comm or an Additional]

Pages 195-197 of the Report

13) In accordance with the recommendations made above, the Registrar forwarded proposals for the reorganisation of all ranks in the Dept. It was then decided that the reorganisation be confined only to the gazetted ranks for the present. Orders were passed in Feb 38 increasing the cadre of Assistant Registrars by two, one of them being the Personal Assistant to the Registrar. The post of the Manager on Rs 100-5-125 was abolished and one clerk in grade Rs 75-5-95 was designated Head Clerk. The Deputy Registrar was given the grade of Rs 500-50/2-600 and four additional posts were also sanctioned. Later on

One additional Inspector in grade Rs 40-5-75 with one pay at Rs 111/- was sanctioned for Bangalore city which was a very heavy charge for one Inspector.

14) With the starting of the Land Mortgage scheme and the organisation of L.M. Societies from time to time it was found necessary to appoint additional Inspectors to be in exclusive charge of the L.M. Scheme and later on it was decided to appoint an Assistant Registrar to be in exclusive charge of it. At present the special temporary establishment under the below Circular q) One Assistant Registrar in grade Rs 150-$\frac{25}{2}$-250 2) One Clerk-Typist in grade Rs 30-3/2-45 3) Two peons on Rs 11/- each 4) 12 Inspectors (one recently sanctioned and not included in the proposition statement) in grade Rs 40-5-75 with one F.T.A of Rs 30/- each here and 5) 12 peons on Rs 11/- each here.

15) The starting of the Area Marketing Society at Shimoga necessitated a redistribution of the Administrative charge of the several offices of the Department. Orders were passed placing the ~~Deputy~~ Registrar in charge of Societies in Bangalore city, Bangalore Taluk and Anekal Taluk in addition to his duties as Deputy Registrar, relieving the Assistant Registrar Shimoga of the charge of the Bhitalwar Dt and the consequential redistribution of charges of other Assistant Registrars.

six Divisional officers [exclusive of the Deputy Registrar and exclusive of the Personal Assistant to the Registrar (in lieu of an Asst Registrar)] 38 permanent and 5 temporary Inspectors with 43 posts 1 Probationer 29 clerks and 32 menials in the general cadre of the Department

17) Besides the general and Ministerial establishment referred to above, it is submitted that there are five official liquidators in grade Rs 40-5-75/Working with five posts in the Department one for societies in debts to the District Central Bank and two each for the societies in debts to the Apex Bank and the Bangalore Central Cooperative Bank the Apex and the Central Bank together contributing a sum of Rs 220/- p.m. on account of the pay of the official liquidators of the liquidator of the Apex Bank and hence the T.A. charges/being met by the Dept. and after latter by the Bank. (These have not been taken into consideration in the proposals of the Registrar)

18) The Registrar now represents that the abolishment of separate establishment for the L.M. Scheme has not worked satisfactorily and that, in order to enable the Inspectors to devote concentrated attention to all the schemes of their work in a limited area and to enable them to dispose of the questions pending earlier and also to reduce the cost under T.A charges, it would be more desirable to increase the circles from 43 to 57 thus increasing the strength of the Inspectorate by 14 than to entertain twenty special Inspectors in all for the L.M. Scheme

Similarly in order to vest the responsibility of a sound development of all the phases of Cooperative activity in the officers in the compact areas of districts, he proposes the redistribution of charges among all the seven officers (inclusive of the Assistant Registrar L.M Scheme). The proposals have involved in the consequential increase in the strength of the ministerial and menial establishment of the Department. The proposals of the Registrar are dealt with below according to their respective cadres

19) I The Gazetted Staff:- The Registrar proposes that the post of the temporary Assistant Registrar of the L.M. Scheme be made permanent and that the divisional charges be redistributed among all the seven officers of the Department. From the particulars furnished by the Registrar it is seen that while there are 402 societies in Bangalore Division there are 208 societies in ~~Kolar~~ Kolar and 222 in Mysore Divisions. The Registrar has not stated as to which officer is to be posted to the Bangalore Division. ~~Area~~ ~~Area~~ ~~Comparatively~~ Comparatively Bangalore Division seems to be considerably heavy. Taking into consideration that a senior officer of the Department will be posted it would be either the Deputy Registrar or his next senior. If the Deputy Registrar is to be in charge of Bangalore Division the work of this officer both as Deputy Registrar and as Divisional officer of Bangalore is likely to be very heavy because the Deputy Registrar

accordily to the existing orders has to be exclusive in charge of the work relating to the organisation and development of new types of non-credit societies. He acts as a Technical Assistant to the Registrar in matters relating to the higher forms of cooperation and Cooperative Finance. He has to undertake the inspection of at least seventy five of the more important societies mentioned in the G.O dated 1-4-31 according to a programme of inspection drawn up every year by the Registrar and the Deputy Registrar. He has to settle such disputes, appeals and miscellaneous references on the file of the Registrar as may be referred to him by the Registrar. Even according to the new arrangement, if the organisation and development of new types of societies were to be vested in all the Divisional offices, the other powers and duties of the Deputy Registrar will remain unchanged. Prior to the reorganisation of the Gazetted staff of the Department in 1930, the Deputy Registrar was in charge of Kolar Division in addition to his duties. It is for orders whether (as the Registrar has not stated any thing about the offices to be in charge of the Divisions, and as the transfers of the Gazetted officers of the Department are made by Government) it is not desirable to settle the question of posting the officer for Bangalore Division now in order to have equitable distribution of work and avoid correspondence on the subject at a future date. The financial effect of

the proposal of the Registrar will be an increase in the permanent cadre by one Assistant Registrar in grade Rs 150 - $\frac{25}{2}$ - 250 and consequential promotion of an Assistant Registrar in the same grade in the temporary cadre. thus involving no extra cost.

20) IV The Inspectorate. There are at present 38 Inspectors are probationers in the permanent cadre / and 12 temporary Inspectors (one has been recently sanctioned and not included in the proposition statement) in grade Rs 40-5-75 for L.M. Work, with a peon attached to each Inspector. Then posts of temporary Inspectors were created as and when occasion arose and are being continued year after year. The Registrar now states that instead of abolishing twenty Inspectors in all for the L.M. Scheme when the scheme comes into operation throughout the State sooner or later it is desirable to increase the general cadre to 57 Inspectors to enable them to attend to all kinds of Cooperative activity in a limited area. Thus against 55 Inspectors and one probationer at present, the Registrar proposes to increase the total strength to 57 thus avoiding the abolishment of six Inspectors req. for L.M. work only in future.

21) As regards the distribution of circles it is submitted that in Bangalore District while Nelamangala consists of 53 societies Magadi has only 24. In Mysore District while Mysore city has 50, Mysore Taluk has only 20 societies in Nanjangud District

Submitted to P.W.D. II

while Kottagiri has 55 Chikkamalli malakki has only 23 societies. In Thiruvannamalai while Cheyyar has 53 societies Arnagiri has only 19 thus showing a large disparity in the Circles

22) In connection with the increase of staff the Registrar has not taken into consideration the Official liquidators mentioned in Para 17 above. As already stated a portion of the cost of these official liquidators is met by the Apex Bank the balance being debited to Government. The Registrar has recently proposed that all the five official liquidators be given a territorial jurisdiction as the work of them from Bangalore is not being satisfactorily carried out. Certain particulars have been called for from them in this matter. While the Registrar has admitted that the present arrangement of the official liquidators working in Bangalore has not proved satisfactory it is not known how far even the territorial jurisdiction proposed by him will prove better as each Inspector may be placed in charge of one or two districts as the case may be, as in the case of the L.M. Inspectors at present. The indebted societies are perhaps scattered all over the State. They are in charge of the Inspectors of Circles who will be looking after them as usual. The Inspectors on the other in a small compact area will perhaps be in a better position to handle the affairs of these indebted societies than the Official liquidator coming

add along from a distance for a short stay and return without being able to turn out much work because his attention will be diverted to ~~two~~ societies at other distant places. What is left undone by the official liquidator at the time of his visit will have to be ~~done~~ supplemented perhaps by the local Inspector if the liquidation proceedings are to be expedited as the local Inspector cannot divest himself of the responsibility of that society. Thus what the Registrar has said about the work of the L.M. Inspectors seems perhaps to be appropriately applicable to the Official Liquidators as well. The Allex and the Central Banks will perhaps have to continue to pay their contribution for another six or seven years at least before they work off their hoard of these indebted societies. The Commission noticed in the liquidation proceedings of the ~~liquidator~~ societies indebted to the Dt Central Banks will continue to be credited to Govt account XIII No 5 No - other receipts as Govt is bearing the Cost of the official liquidators. It is therefore for consideration whether, instead of having these Official liquidators in charge of the territorial jurisdiction as proposed by the Registrar, which may not work as satisfactorily as expected, the Inspectors in charge of the circles may not be entrusted with the duties of the official liquidator also the number of circles being increased from 57 to 60 by a suitable redistribution of charges

irrespective of the fact whether an Inspector has the entire charge of a Taluk or even a portion of a Taluk if the work there is heavy, the contribution by the Apex and Central Banks being shown as a deduction under the expenditure head. The Commission realised from these societies being credited to those Banks. and the Commission from the societies in debt to the 2 Central Banks being credited to Govt as before. The work of liquidation, as the Registrar has admitted on several occasions, is a slow process Even if the Central Bank may cease payment after its work is over, the Apex Bank with a large number of its debtor societies may have to continue the contribution for a sufficiently longer period. Moreover the Assistant Registrars in charge of the Divisions who are expected to attend to all the spheres of Cooperative activity will in the usual course, be obliged to look to the work of liquidation also. There will thus be no overlapping either in the work of liquidation or inspection (The Official liquidators are at present working directly under the Registrar and there is no indication in the proposed territorial redistribution that they will work under the respective Assistant Registrars) Even if the number of Inspectors is increased to 60 there will be no extra cost on account of the establishment charges The T.A charges for Inspectors may not also increase enormously as the area to be covered will be

smaller than at present

23) The Registrar proposes in his letter the Continuance of the 12 Inspectors in the I Grade and the remaining 45 in the II Grade. If the proposal to increase the Inspectors to 60 referred to above is to be accepted there will be 12 Inspectors in the I Grade and 48 Inspectors in the II Grade as against 12 Inspectors in I Grade 31 Inspectors in the second Grade exclusive of the L.M. Inspectors and Official Liquidators (who are in the second Grade (arbitrators from time to time) The Committee on Cooperation have recommended that the number in each Grade should be so fixed as to allow a fairly free flow of promotion The proposal referred to above will work out to a proportion of 1:4 It is for orders whether, in order to allow a free flow of promotion the number in the I Grade be raised from 12 to 15, the number in the second Grade being 40 permanent and five temporary, thus allowing the proportion to stand at 1:3

Page 197 of the Report

24) In the proposal of the Registrar, the pay of the posts attached to the Inspectors is reduced from Rs. 11/- to Rs 10/-. Under the existing orders there are 43 posts (for 43 Inspectors) drawing a pay of Rs 11/- from a long time and the rest from 1937. The Registrar proposes to keep the pay of only 40 posts at Rs 11/- and reduce the pay of the rest to Rs 10/- This perhaps bits hard on at least three posts who have been drawing Rs 11/- for a very long time. It is therefore for orders, whether assuming that

the strength of the Inspectors will be increased to 60 which will necessitate the appointment of 60 peons, the pay of 43 peons be kept at Rs 11/- and that of the rest (17) be fixed at Rs 10/- so that those who drawing Rs 11/- since the last reorganisation and for a long time in the permanent and temporary general establishment may not be affected thereby. The proposals refer to above minor Inspectors involve in a recurring expenditure as indicated in the statement

III Ministerial Establishment.

25) In view of the increase of one Divisional Officer and the redistribution of charges the Registrar proposes to make the post of Clerks in the Bangalore and upon One permanent clerk and the under the Assistant Registrar L.M. scheme permanent and to have an additional clerk on Rs 257- attached to the Bangalore Division The extra cost involved is Rs 523/- per annum

IV Marine Establishment

26) In the proposition statement the existing cadre contains 10 peons on Rs 13/- 7 peons on Rs 11/- and 2 peons (temporary) on Rs 10/- The Registrar proposes to revise this as 5 peons on Rs 13/- 6 peons on Rs 11/- and 8 peons on Rs 10/- This includes seems to be a retrograde step so far as the menial establishment is concerned though the total number of the peons is proposed to be increased by one. on Rs 14/- It ten on is for orders whether the existing cadre of Rs 13/- seven on Rs 11/- and two on Rs 10/- may be retained, though involving in a small extra

2) The net ~~effect~~ financial effect of the reorganisation as proposed by the Registrar and as ~~modified~~ proposed in the Secretariat will result in a savings of Rs 275 61/180 and 271 9/20 per annum respectively as indicated in the statement placed below. 28) On serving up these proposals for the reorganisation of the establishment (both officers & staff) of the Department of Cooperation, the idea of the Registrar is to discontinue the present system of having a separate Asst. Registrar & Inspectors to attend to the work relating to the Land mortgage Societies and to entrust all the work including their Land mortgage Schemes in any Division or Circle to the respective Asst. Registrar or Inspector. He is of opinion that by doing so, they will be able to attend to the Land mortgage work better as they will be able to devote more time and bring to bear ~~great~~ more intimate local experience & knowledge of the local conditions ~~of~~ or is such may the Asst. Registrar of each Division, will be ~~probably~~ ~~prepared~~ in a better ~~fitted to~~ position to attend to this work in his limited jurisdiction than the Special Asst. Registrar

who has to attend to this work all over the state So the entire work is proposed to be distributed among 7 charges as noted in statement Flag X According to this, there will be 2 new offices at Kolar & Chitaldrug As stated in Para 19 supra, the Bangalore Dr charge will be very heavy, having 402 Societies in it jurisdiction when compared to the other divisions, none of which has more than 300 Societies As the distribution is made among all the 7 offices including the Dy Registrar, Bangalore Dr cannot but be placed under the charge of the Dy Registrar, in which case, this work is likely to become very heavy Compared to that at present (402 as against 181) ~~ab~~ As the charges of Kolar & Dharwar Divisions seem to be lighter having 208, 266 Societies respectively, some Taluks of Bangalore Dr, Nelamangala and Doddaballapur could perhaps be added, one to each of them respectively. Otherwise it may be too heavy for the Dy Registrar to attend to the Bangalore Dr Charge in addition to the other work that may be entrusted to him as per G.O dated 19.5.38 & Notification dated 10.6.1938. This aspect seems to require further consideration & if approved the Registrar may be addressed to suggest suitable changes So far as the Gazetted staff is considered, no change

Serial No.

in the cost is involved

29) Regarding the Inspectorate, there are 38 permanent Inspectors, 1 Probationary Inspector and 16 Temporary Inspectors out of these 43 are in Charge of regular circls and 11 in charge of Land mortgage Societys The proposal is to Constitute 57 new circls ~~as~~ as per statement appended and have 57 Inspectors, 50 as permanent and 7 as temporary There will be a corresponding increase of seven in the No. of posts in the proposition Statement a net savings of 208-5-6 is shown; this is due to the fact that 385 Rs is shown for T.T.A in the present Scale for 11 L-M Societys Inspectors whereas in the proposed Scale it is omitted as the Inspectors will be given Usual D.A and not T.T.A. If the cost of their D.A is also taken into account, no savings might result. The Scale of pay of the Inspectors is not revised & the No of 1st grade Inspectors also remains Unchanged at 12

30) Then there are 5 Inspectors as official Liquidators who have not been brought on the proposition statement These are temporary appointment sanctioned in Connection with the Liquidation of Societys indebted to the Central Cooperative Bank & the Apex Bank. A suggestion is made at A in para 22 Supra that this work also may be entrusted to the Inspectors in charge of the Circls,

NOTE—Contn. Sheet.

without having the official Liquidators
I am not sure whether this would be
a satisfactory and suitable arrangement
as the Liquidators have to be constantly
attending the Civil Courts & to keep themselves
in touch with the Central & Apex Banks.
The official Liquidators may continue at
present, who are proposed to be given
territorial jurisdiction, which is under
consideration in a separate file.

31) On the whole, the proposals of the
Registrar regarding the redistribution of
work & entrusting the land mortgage work
also to the local Circle Inspectors seem to
be more conducive to quick & efficient
despatch of work. The local man will
be in a much better position to attend to this
work than one who visits the place
occasionally ~~once in~~ at constant
intervals. However on this point there
~~seem~~ has been difference of opinion before,
between the Registrar and the President of
the L.M. Bank (~~Mr~~ K. R. Sreenivasa Iyengar).
The latter was of the view that it was
better to have a separate staff to attend to
the work of L.M. Societies vide Para 3 of his
letter dated 13.4.1937 & the note on the need
for the special staff in file no 90-36
put up below. It is for consideration whether
the views of the present President of the L.M. Bank

may also be obtained before orders are passed

32) As regards the ministerial staff one more Clerk is proposed for the Bangalore Division office and 2 temporary Clerks on 25 & 30-3/2-45 are intended to be made permanent on 25-2½-50. Some Chiefs are also suggested in the menial Establishment as noted in Para 26

33) On the whole, as stated by the Comptroller, the proposals involve an increase of Rs 11947 3/5- per annum under permanent Establishment and a decrease of Rs 1395- per annum under temp Establishment & in Charges of the House Rent for the new offices at Kolar and Chickaballapur at 25 Rs p.m & DA of 25% to Establishment, an extra Cost of Rs 1575- per annum

34) Further clarification on the points noted below is necessary before the proposals of the Registrar for redistribution of charges &c., could be considered on merits.

(1) It is proposed to have seven charges each under a Gazetted Officer. According to this the number of societies in each charge except that of

NOTE—Contn. Sheet.

Bangalore District will range from 208 to 289. Bangalore District will have 402 societies. Assuming that the Deputy Registrar will be posted in charge of the Bangalore District, he will, in addition to his ordinary duties, have to attend to other items of work in accordance with Notification dated 7/10th June 1938. The charge may become too unwieldy for a single officer and this may affect efficiency of work. Once the redistribution as now proposed is approved, the Registrar may come up with proposals later for bifurcation on the score that one officer cannot cope with the work. The definite opinion of the Registrar may be invited on this aspect of the case.

(2) In the redistribution of circles proposed, some of the circles have about 50 societies while others have only 20 to 30.

(Some of the Inspectors will have comparatively light work on account of the smaller number of societies while others will have more heavy work.) Whether the Inspectors in charge of the circles noted above will be able to cope with all items of work to the desired extent may be ascertained and also whether the Registrar has any further proposals to make in the matter.

Serial No.

(3) The provision made for F.T.A. to 11 Land Mortgage Inspectors has been omitted under the proposed scale and the amount is probably considered as savings. Ordinary T.A. will have to be allowed to these Inspectors as they will be put in charge of the circles. To this extent there will be an increase in expenditure under ordinary T.A. allowances and a reduction in the savings worked out. The amount required for ordinary T.A. to these 11 Inspectors may be ascertained.

35) The pay of peons have been so revised that some who are drawing Rs.11 will actually get Rs.10. This will cause hardship. Besides, the general principle of such revision is that present incumbents should not be made to suffer. The Registrar may be asked to revise the proposals in such a way as not to cause hardship to the menial staff by reducing their pay.

36) The question whether Land Mortgage work should be attended to by regular Inspectors in charge of circles or whether special staff should be employed to attend exclusively to this work was considered some years ago and Mr. K.R.Srinivasa Iyengar, the then President of the Land Mortgage Bank was definitely of opinion that it would be conducive to the efficiency and prompt disposal of work if special Inspectors are entrusted with this work. Orders of Government were passed accordingly. The present proposal of the Registrar is to do away with the special staff, absorb the same in the regular cadre and redistribute the circles so that the Inspectors in charge of circles may attend to all items of work, including that of the Land Mortgage

Retransmitted with compliments.

(3) (1) As observed by Government the jurisdiction of the officer placed in charge of the Bangalore District under the proposed re-distribution scheme will be a little unwieldy. But as the officer in charge of the Bangalore District would generally be a senior officer of the Department, I thought he could manage the work. But as it is now proposed to entrust the marketing activities also to the Divisional officers, under the guidance of the Chief Marketing Officer, it may not be possible for one officer to cope with the work in the Bangalore District. A bifurcation of the district into two divisions is very desirable. Bangalore City contains a large number of big societies from which a number of disputes come up for disposal as the following statistics indicate.

Year	No. of disputes filed before the officers of the Department.
1938-39	251
1939-40	291
1940-41 (up to the end of April 1941).	236

Correspondence also from these societies is heavy and of a varied character requiring prompt disposal. At present, the Deputy Registrar is in charge of the societies in Bangalore City and Bangalore and Anekal Taluks totalling in all 183 societies. This officer will have to collaborate with the Chief Marketing Officer and successfully work the proposed central marketing society, in addition to the duties assigned to him in G.O.No.D.8767-68/C.S.73-37-9 dated 19th May 1938. Thus he will have adequate work. This Division may be continued

NOTE--Contn. Sheet.

Serial No.

as a separate unit and may be designated the Bangalore City Division. The remaining Taluks of the Bangalore District may be formed into a separate Division which will comprise of 219 societies.

(2) With regard to the charges of the Inspectors of Co-operative Societies, the Mysore City Circle will have 50 societies but the Inspector will not have charge of the land mortgage society. A few of the societies in Mysore City such as the Mysore City Co-operative Bank, City Co-operative Society, Krishnarajendra Co-operative Society, Palace Central Co-operative Society, Graduates Co-operative Society etc. are well-managed institutions undertaking their audit independently and involve little work on the part of Inspectors. Some five societies are dormant and arrangements are in progress for their early closure. Thus the Inspector, Mysore City, will practically be in charge of only 35 to 40 societies.

Nelamangala Taluk contains 53 societies at present. Of these, three are indebted to the Bangalore Central Co-operative Bank and 18 are indebted to the Apex Bank and ten are Adikarnataka societies. The Central Bank indebted societies will be placed in liquidation shortly and the Adikarnataka societies being dormant and lifeless will be wound up as soon as the accounts are adjusted. There is thus no work for the Inspector in respect of these societies. Some of the Apex Bank indebted societies also will have to be wound up. Thus by the time a land mortgage society is organised at Nelamangala, the number of

societies will have been reduced to about 40.

3) Mandya will have 45 societies but majority of them consist of Adikarnataka societies which are in the process of being wound up and hence the work can be easily attended to by the Inspector.

4) Koratagere and Madhugiri circles consist of 55 and 53 societies respectively. The indebted societies in the Koratagere and Madhugiri Taluks are in the process of being wound up and by the time the Land Mortgage ~~Saxiet~~ scheme is brought into operation in these areas, the number of societies will have been reduced by 10 in each circle and so the Inspectors will be able to cope with the work.

5) Channagiri circle consists of 53 societies but no land mortgage society has been organised yet in that Taluk. Two societies have been placed in liquidation recently and a few more - particularly the six adikarnataka societies - will have to be wound up shortly. Their accounts are being adjusted. No doubt the charge will still be slightly heavy but as a majority of the societies are very small with a capital of less than a thousand rupees, the work can be managed easily by the Inspector. It may also be stated that in view of the overhauling process and elimination of the lifeless societies, the number will soon be reduced.

6) The Shimoga Taluk Circle consists of 43 societies but the number situated in the headquarters which do not require so much attention as those in the villages is 22. Leaving aside the major institutions

the number which require the constant attention of the Inspector will be less than 35 and so the proposed circle will be quite appropriate.

(7) The proposed Shikarpur Circle consists of the Taluks of Shikarpur and Sorab with 47 societies. No land mortgage societies have been yet organised in these Taluks. Of these 47 societies 5 being dormant have been recommended for cancellation and their accounts are being adjusted. Thus the number will soon be reduced to 42.

(8) Some of the Inspectors will have lighter charges in the proposed redistribution but this cannot be helped as a uniform and equal distribution is not possible. Number is not the sole criterion for quantity of work. The more efficient and energetic Inspectors will be posted to the Circles where the work is expected to be a little arduous. I am definitely of opinion that the Inspectors will be able to attend to all items of co-operative work in their respective charges in the proposed arrangement.

(9) re. T.A. of the Land Mortgage Inspectors.-

In the enclosure to my letter No.3190 dated 20-9-1940, I have indicated that an extra provision of Rs.250/- per month is necessary for T.A. to establishment and this is taken into consideration while arriving at the net extra cost.

(10) As suggested, the pay of the temporary peons may be increased to Rs.11/- to prevent hardship.

(11) The Land Mortgage Bank has been consulted in the matter as instructed. The Directors of the Bank have

unanimously resolved that the redistribution proposals are conducive to a more efficient working of the co-operative movement. A copy of the President's letter with a copy of the enclosures thereto is enclosed. In view of the widespread complaint of delay in the investigation of the loan applications, both in the R.A. and L.C. and in the larger interests of the Movement, necessitating a co-ordination of all the co-operative activities of an area, the proposals may be sanctioned early.

(12) The proposition statements are revised and sent herewith. The extra cost comes to Rs.372 3/10 per month or Rs.4,467 3/5 per annum as detailed below.

	Increase.	Decrease.
Officers.	212 2/9 p.m.	..
Inspectors	..	300 7/18 p.m.
Clerks	167 "	..
Menials	43 7/15 "	..
T.A. to Inspectors (additional provision required)	250	
	672 31/45	300 7/18 "

= 372 3/10 x 12 or 4467 3/5 per annum.

But I may state that the small additional cost is more than compensated by the prospective savings. At present there are 12 Inspectors with 12 peons exclusively for land mortgage societies which number 51. The scheme has to be extended to the remaining taluks and societies organised i.e., to say there will have to be 30 more land mortgage societies. At the rate of one Inspector for 3 to 4 land mortgage societies, the staff will have to be strengthened by the addition of 8 hands, if the present arrangement is continued. The cost of 8 Inspectors on 40-5-75 plus F.T.A. of Rs.35/- each and 8 peons on Rs.11/- each, to work under

them, comes to Rs.108 5/9 x 8 per month or Rs.10,421 1/3 per annum.

56/(3) In these proposals, I have not dealt with the question of increasing the number of 1st grade Inspectors and improving the pay and prospects of the Head Clerk of the office so as to allow a free and reasonable flow of promotion to the Inspectors. This was one of the subjects which I had discussed with the Dewan and the Member of Council at a monthly meeting. In my opinion, the number of 1st grade Inspectors should be increased to 18 from 12 and the Head Clerk's pay placed on a ~~part~~ par with that of the 1st grade Inspectors. This question may be dealt with separately later on.

G.O, the Registrar proposed in April 41 the grant of an Assistant Registrar to the marketing Department. The file having been unofficially referred to the Chief marketing officer for opinion he, after discussion of the question with the Registrar of Cs and in consequence of the revised proposals of the Registrar for redistribution of charges, suggested that the Assistant Registrars in charge of the Dharwar Belgaum may also look after the marketing work and that the Deputy Registrar may be his Headquarter Assistant. This places the Assistant Registrar of Dharwar under two Officers - One for marketing work and the other for general work. The Deputy Registrar will also be the Headquarters Assistant to the Chief marketing Officer in regard of marketing work besides his being a Divisional officer for societies in Belgaum city Belgaum Taluk and Anekal Taluk and by performing the general duties attached to the Deputy Registrar under the G.O dated 19-5-38 which makes him a Technical Assistant to the Registrar for general purposes. The Offices of the Registrar of Cs and the Chief marketing Officer are situated at sufficiently distant places from each other and it is not known how the Deputy Registrar will, as Divisional officer in charge

of Societies in Bangalore Taluk, Bangalore Taluk and Anekal Taluk, ~~and~~ as Technical Assistant etc to the Registrar and as Headquarters Assistant to the Joint Registrar ~~will~~ be able to discharge his functions and meet the needs of these two offices.

(b) In the G.O dated 18-6-41 it has been said that the "new Dept will also be responsible for organisation of Cooperative agricultural marketing Societies" and that "to facilitate action in this respect the Deputy Marketing Officer will have delegated to him the powers of Joint Registrar in respect of such societies" From this G.O it is clear that the Deputy Marketing Officer will deal only with the marketing of agricultural products and his powers as Joint Registrar will be limited only to agricultural marketing societies. It may be stated that the Department of Cooperation has to look after not only to the development of agricultural marketing societies but also the development of marketing societies for non-agricultural products viz industrial and agricultural products the development of cottage industries on Cooperative lines and the organisation for the sale of the products of such societies on Cooperative lines seems to be as much an important function of the Department as the development of agricultural marketing societies According to the

Serial No.

G.O refs to above two parts of the organisation and development cannot be entrusted to the Chief Marketing Officer and has to be looked after by the Registrar himself. There even in regard of marketing work there is practically a bifurcation viz marketing of agricultural produces and of industrial products. and the Divisional offices will be subordinate to Chief Marketing Officer for agricultural marketing and to the Registrar of Co. for non-agricultural marketing. Under the circumstances it is for orders whether it is necessary to define the functions, powers and responsibilities of the divisional officers and the Deputy Registrar in relation to the Registrar of Co. and the Chief Marketing Officer to avoid their being placed in an embarrassing position on account of the overlapping scope of their responsibilities etc. As against seven Divisional officers proposed previously, the number of divisions has been increased to eight as noted in the margin

1) B'lore city & Taluk Archaic Taluk (183) Dy Registr
2) Bangalore Dt (219) Asst Registr
3) Kolar (208)
4) Tumkur (266)
5) Hassan (189) + Mangr (111) (299)
6) Mysore (222)
7) Shimoga (232)
8) Kanara + Chitaldrug (266)

65) As regards the circles of inspection referred to in Para 34 of the Notes, above the Registrar of Co has in Paras 45-50 of the Notes answered the objections raised. With the sanction of another additional L.M. Inspector and as been recently the number of L.M. Inspectors sanctioned has been raised to 13. and there the

NOTE—Contn. Sheet.

the existing number of 38 permanent Inspectors 5 Temporary Inspectors and one Probationary Inspector the total number comes to 57 — same as proposed in the proposition statement. While arriving at the extra cost the Registrar has taken into consideration the additional pension of Rs 200/- p.m. to the Inspectors now to be taken to the permanent cadre. He has agreed to the proposal of raising the pay of the posts of the temporary Inspectors at Rs 111/- to prevent hardship. The Central L.M. Bank is said to be agreeable to the proposal to redistribute the charges in modification of the existing arrangement of Inspectors specially for L.M. work. The total extra cost according to the calculations of the Registrar, inclusive of the additional pension of Rs 200/- p.m. for T.A. to the Inspectors, comes to Rs 6467-3/5 p.a.

66) The proposal to entrust L.M work to the local Inspectors and the local Divisional officers instead of a separate establishment is agreed to by the Central L.M. Bank. The Registrar says that he proposes to increase the cadre of I Grade Inspectors and improve the pay of the Head Clerk and wishes to take up the question later.

In the meanwhile, in G.O dated 18.4.1941 Govt. ordered that an Asst. Registrar and a small staff may be transferred to work under the Chief marketing officer Bury by mutual agreement, the Chief Marketing offr & the Registr have come to an understanding that the Asst. Registrars themselves may look after the Marketing Work & that the Dy Registrar should be Hers Assistant to the Marketing officer for Cooperative Marketing work. This arrangement is for consideration & orders

To enable the Dy Registrar to attend to these extra duties, the ~~Bangalore~~ former division of Bangalore Dr. is proposed to be split into two Charges, one comprising Bangalore city, Bangalore M'S & Anekal Tqs containg 183 Societs and another with the remaining Tqs of the District Therefore 9 officers are proposed in the gazetted staff, including one personal Asst. Consequent to this, the clerical staff is enhanced from 31 to 33 and the menial staff from 35 to 38.

(5) The main feature of the reorganisation now proposed is the concentration of all work connected with the activities of the Co-operative Dept in one & the same staff. At present the work pertaining to the Land Mortgage Scheme has been entrusted to a separate set of staff under the control of the Dept There is one Asst Registrar & 13 Inspectors for this work & as the scheme is extended from year to year, additional Inspectors are appointed at the rate of one for about 3 or 4 societies newly started. It was thought at one time that the work connected with the Land Mortgage scheme could be more efficiently handled by a separate set of Inspectors, as the

Serial No.

regular Inspectors in charge of Cooperative Societies were not stated to possess the necessary qualifications nor to command sufficient time, amidst their other duties, to devote the required attention for the despatch of business connected with the Land Mortgage Banks either efficiently or promptly. This was the view expressed by the then President of the Central Land Mortgage Bank — Mr K. K. Srinivasa Iyengar. The Registrar of Cooperative Societies dissented from this view but the separate staff maintained for this work was, however continued. The Registrar now represents that the present arrangement of having a separate staff for Land Mortgage work has not worked satisfactorily, as was expected when it was sanctioned as officers with wide jurisdiction will not have that personal touch, close contact & local knowledge necessary for a proper study & appreciation of the economic condition of the applicants for loans from the land mortgage banks. He opines that if the Inspectors are entrusted with all town & cooperative work, their jurisdiction being proportionately reduced they will be able to devote

Para 36 (vi) recommendation C, D,

P. 23

NOTE—Contn. Sheet.

Serial No.

concentrated attention to the work in the limited sphere & to acquire more intimate knowledge of the people & their conditions & thereby contribute to the speedy disposal of loan applications. He therefore proposes that the Asst Registrars & the Inspectors, now having exclusively the work connected with Land Mortgage Scheme, be absorbed in the regular cadre of the Department & the jurisdiction of the Dist and Regional & Cooperative Inspectors be revised suitably so that the area under their control may be reduced to manageable proportion & prompt & efficient despatch of business be ensured. The proposal, however, involves the creation of an additional post of Asst Registrar, as Bangalore District will have to be bifurcated, being unwieldy for a single charge. The present President & Directors of the Central Land Mortgage Bank are agreeable to the revised arrangement proposed. It is also submitted that even in Madras Presidency, where there was a separate staff for Land Mortgage work, opinion seems to have veered round in favour of having one set of staff

Serial No.

for all cooperative work

7) According to the proposals now sent up, there will be 4 Dwarams with one Deputy Registrar & 7 Asst Registrars, one Asst Registrar as Personal Assistant to the Registrar & 5 Circle Inspectors. After absorbing the staff sanctioned for Land Mortgage work, one additional Asst Registrar with the ministerial & menial staff required for him, will have to be sanctioned. The net financial effect of the scheme will be Rs 44673/- per annum.

8) The staff maintained for Land Mortgage work is on a temporary footing at present. It will be brought under the permanent establishment after the reorganisation is sanctioned. In addition to the extra expenditure referred to above, the level of expenditure under permanent staff will be increased to the extent of absorption, with a corresponding reduction under temporary establishment. As the Land Mortgage scheme has become a permanent feature of the Dept & as the intention is to extend its scope to all the taluks in the State, such absorption & raising of the level of expenditure under permanent establishment cannot be avoided

NOTE—Contn. Sheet.

Serial No.

7) With the creation of 5 Circles & Inspectors covering the whole State, there will be no need to sanction additional staff, in case, the Land Mortgage scheme is extended to the remaining talukas & the separate staff for this work is continued as at present, there will be necessity to increase the no & Inspectors by 8 at an extra cost & about Rs 10000. This expenditure will no doubt be spread over a period & a few years, as all the additional number & Inspectors that may be required will not be entertained all at once but according to actual necessities which will depend on the no & Societies started each year. As against this, there will be an immediate increase (average) of Rs 4467 per annum (if the revised is accepted) without any prospect & increase in the future. The prospective savings in the long run may exceed the slight additional expenditure in the beginning

Some & the Circles will have a greater number & Societies than others as indicated in para 3 & the note. The Registrar has explained

Serial No.

the proposal & from the information now furnished, the excess in the number of societies is more nominal than real & also not of much consequence. Besides, it is very difficult to create units with an equal or uniform number of societies, without affecting the territorial jurisdiction, which is either a taluk or a group of taluks. Any change may create administrative difficulties which is necessary to avoid. Besides, such a change does not seem to be necessary at present in the light of explanation given.

Cap VI

15) In the G.O. sanctioning the organisation of a separate marketing Dept. in the State, it is laid down that an Asst. Registrar & a small staff may be spared from the Cooperative Dept. for work under the Chief Marketing Officer, who ~~was also~~ is in charge of the work pertaining to the organisation & Cooperative agricultural marketing societies. If the reorganisation now under consideration is sanctioned, there will be no officer or staff that can be spared from the Cooperative Dept. The Chief Marketing Officer & the Registrar of Cooperative Societies

NOTE—Contn. Sheet

Serial No.

have discussed the position & have come to an agreement that it is desirable to entrust the cooperative marketing work to the Asst Registrars in charge of Divisions, they being responsible, so far as this work is concerned to the Chief Marketing Officer, who is expected to exercise the powers of a Joint Registrar in respect of such societies. How far this duality of control will work smoothly & efficiently, has to be tested by actual working. The position may have to be reviewed after 2 or 3 years in the light of experience gained & results achieved. However, in view of the Asst Registrars required to be shared in the G.O referred to above, the Registrar seems to have suggested that a Senior Cooperative Inspector should be posted for work under the Chief Marketing Officer to deal with the work of coordinating the activities in this direction in the several Divisions. The Chief Marketing Officer has also suggested that a Steno Typist Clerk & two peons may be sanctioned. As no Stenographer should have been shared by the Dte Dept in pursuance of the

Serial No.

Flag II,

direction contained in the G.O dated 18th April 1941, I do not think there is any necessity to sanction another third Inspector. If one extra Cooperative Inspector has to be appointed, the cost will be about Rs 12 60 per annum. The cost should properly be added to the cost of remuneration now proposed

7(b) The Registrar has indicated that he will submit separate proposals in regard to increasing the no of posts in the 1st grade of Cooperative Inspectors, so as to admit of easy flow of promotions from the lower grade, as the no of posts in the lower grade will increase consequent on the absorption of Inspectors sanctioned for Land Mortgage work This question as well as that of improving the grade of the Headclerk of the Registrar's office, may be examined on merits, when definite proposals are put up

78) The present proposals of the Registrar, besides making permanent a large number of temporary posts sanctioned for the Land Mortgage work (1 Assistant Registrar, 9 Inspectors, 3 clerks) involve the creation of some extra posts also (1 Assistant Registrar, 2 Inspectors, 1 clerk and 4 peons), and the latter involve extra recurring cost of about Rs. 4,500 per annum. Under present conditions, it is not desirable to permit additions to the present level of expenditure, particularly on account of optional or deferrable items, but on the other hand there is real need to effect ~~considerable~~ economies in expenditure to the largest extent practicable to meet the expanding demands on account of the War conditions.

79) An important point of principle involved in the present proposals is the discontinuance of the posting of special staff solely for Land Mortgage Bank work. The previous President of the Land Mortgage Bank was

P.T.O.

Serial No.

was definitely in favour of having special staff for this work in the initial stage. Even though it may be held that it is advantageous to entrust the Land Mortgage work to the Inspectors in the respective areas who may have knowledge of the local conditions, the supervision and the organisation work in the initial stage may, I think, be left with a separate Assistant Registrar, as at present, till the Land Mortgage Societies are established throughout the State. He may also attend to the marketing work in addition. The present distribution of work among the Gazetted Officers, has, I think, to continue for some time more. Creation of extra Gazetted posts cannot be accepted by the Finance Department.

80) As regards details, I wish to state as follows:-

Inspectors.

The Inspectors in Bangalore City and Mysore City may be given a cycle allowance of Rs. 5/- as at present (instead of enhanced allowance of Rs.7-8-0 now proposed).

Menial Establishment.

81) The pay of the Jamedar need not be more than Rs. 18 (which is the pay allowed in the Excise Commissioner's Office).

82) The proposals of the Registrar with the modifications suggested by me need alone be considered if the Administrative Department feels that separate

NOTE—Contn. Sheet.

WD 04155—GPB—55,000—23-10-41

Note on the reorganisation of the Department of Co-operation.

1. The reorganisation of the Department of Co-operation in all its ranks was sanctioned in August 1928. With additions and retrenchments effected from time to time, the Department consisted of five gazetted officers (exclusive of the Registrar) 37 permanent Inspectors, 5 temporary Inspectors, one probationary Inspector, 34 clerks and 70 menials (inclusive of the peons of Inspectors) at the end of June 1936.

2. In accordance with the recommendations of the Committee on Co-operation, orders were issued in 1938 increasing the cadre of the Assistant Registrars by two, one of them being the P.A. to the Registrar. The post of the Manager in grade Rs.100-5-125 was abolished and one of the clerks in grade Rs.75-5-95 was designated Head Clerk on Rs.100/-. The grade pay of the Deputy Registrar was raised to Rs.500-50/2-600 and one additional Inspector and five peons were sanctioned.

3. With the establishment of the Land Mortgage Scheme, an additional establishment of one Assistant Registrar, one clerk typist, two peons, and 13 Inspectors (inclusive of two recently sanctioned) with 13 peons and F.T.A. to the Inspectors at Rs.35/- each p.m. was sanctioned solely for Land Mortgage work. With the organisation of the Areca Marketing Society at Shimoga, there was some redistribution of the divisional charges of the Gazetted officers of the department.

4. Thus in the general cadre of the establishment there are now six divisional

officers (exclusive of the Registrar and the Personal Assistant) 38 permanent Inspectors 5 temporary Inspectors, one probationary Inspector with 43 peons for the Inspectors, 29 clerks and 32 peons. In the establishment of the L.M.Scheme there ~~are~~ is one Assistant Registrar with one clerk typist and two peons and thirteen Inspectors and thirteen peons.

5. Apart from this establishment, in order to facilitate the liquidation work of the societies indebted to the Central financing institutions, a temporary staff of five official liquidators of the status of Inspectors of second grade with five peons has been sanctioned and is being continued periodically. A portion of the cost of this establishment viz., Rs.220/- p.m. is being borne by the Apex Bank and the Bangalore Central Co-operative Bank Ltd, the balance along with the T.A. of the Inspectors being met by the Department.

6. The Registrar now represents that the scheme of ~~the~~ having an establishment exclusively for Land Mortgage ~~Scheme~~ work has not worked satisfactorily and that, in order to enable the Inspectors to devote concentrated attention ~~to~~ in all spheres of their work in a limited area and to enable them to dispose of the pending questions quickly and also to reduce the cost under T.A.charges, it would be more desirable to increase the circles to 57 and thus increase the cadre of Inspectors and peons also to 57 each. Similarly, in order to vest the responsibility of development in all the phases of co-operation among the officers, in a limited area, the Registrar

is of opinion that it would be desirable to re distribute the charges of the divisional officers resulting in the creation of eight divisional offices as detailed in the margin instead of six as at present with necessary increase in the ministerial and menial establishment.

7. The question relating to the establishment of five Inspectors and five peons doing the work as official liquidators has not been dealt with in this general question as the arrangement has been sanctioned temporarily for a period of two years.

8. The creation of a marketing Department with a Chief Marketing Officer for the organisation of regulated markets, grading stations, and Co-operative Societies for marketing agricultural and other produce has necessitated the grant of some assistance executive, ministerial and menial - to that officer, as he is proposed to be invested with the powers of a Joint Registrars in respect of marketing societies. The divisional officers of the Department of Co-operation are proposed to be made subordinate to this officer in respect of marketing societies instead of deputing one Asst. Registrar to work under the Chief Marketing Officer. As a result of consultation by the Registrar/C.S. of with the Chief Marketing Officer the services of a Senior Inspector, a Stenographer and two peons are proposed to be placed by the Registrar at the disposal of the Marketing Department. It has been ordered that a Stenographer may be transferred from the office of the Director of

Industries and Commerce to the Marketing Department and it is considered sufficient if the services of a Senior Inspector are placed at the disposal of that Department. This proposal will involve the appointment of an additional Inspector of I Grade at an average cost of Rs.1260/- p.a. (The appointment of an Inspector may necessitate the appointment of an additional peon on Rs.11/-, as against one Inspector and two peons asked for).

Subject.—

Re-organisation of the Department of Co-operation.

The establishment of the Department of Co-operation now consists of six divisional officers (exclusive of the Registrar and the Personal Assistant), thirty-eight permanent Inspectors, five temporary Inspectors, one probationary Inspector with forty-three peons for the Inspectors, twenty-nine clerks and thirty-two peons. Besides there is one Assistant Registrar with one clerk-typist and two peons and thirteen Inspectors with thirteen peons under the Land Mortgage scheme to supervise the working of the Land Mortgage Societies.

T The Registrar now represents that the scheme of having a separate establishment exclusively for land mortgage work has not been working satisfactorily as these officers having wide jurisdiction, do not have that personal touch, close contact and local knowledge necessary for a proper study and appreciation of the economic and local conditions of the applicants for loans from the land mortgage societies. Their work hereafter becomes increasingly difficult as the number of Land Mortgage Societies has increased to 62. The Registrar is of opinion that Inspectors should be entrusted with all items of co-operative work, their jurisdiction being proportionately reduced. This will enable them to devote concentrated attention to the work in a limited sphere and thus acquire a more intimate knowledge of the people and their conditions and thereby contribute to the speedy disposal of loan applications. He therefore proposes that the special staff meant for land mortgage work be absorbed in the regular cadre of the department and the jurisdiction of the Assistant Registrars and Inspectors be revised suitably so that the area under their control is reduced to manageable proportions and prompt and efficient despatch of business is ensured.

Besides reducing the cost under travelling allowance charges, the above arrangement is reported to be agreeable to the present President and Directors of the Central Land Mortgage Bank. Even in the Madras Presidency wnere there was a separate staff for land mortgage work, opinion seems to have veered round in favour of having one set of staff for all items of co-operative work.

In the Government Order sanctioning the organisation of a separate Marketing Department in the State, it was ordered that an Assistant Registrar with staff may be spared from the Co-operative Department for work under the Chief Marketing Officer for organisation of regulated markets, grading stations and co-operative societies for marketing agricultural produce. It has since been decided that it is desirable to entrust this work also to the Assistant Registrars in charge of divisions, they being responsible for this work to the Chief Marketing Officer who will exercise the powers of a Joint Registrar in respect of such societies. In the circumstances, it is considered enough if a senior Co-operative Inspector is posted for work under the Chief Marketing Officer to deal with the work of co-ordinating the activities in this direction in the several divisions. It has been ordered that a stenographer be transferred from the Office of the Director of Industries and Commerce to the Marketing Department. Hence, it is now enough if a senior Inspector and a peon on Rs.11/- per mensem are sanctioned to work under the Chief Marketing Officer.

The details of the re-organisation proposals and the redistribution of ranges and divisions are detailed in the letter of the Registrar of Co-operative Societies dated 20th September 1940. This involves the extra appointment of one Assistant Registrar and one Inspector with necessary ministerial and menial establishments.

The financial effect of the above proposals will be a nett increase of Rs.3,164 14/15 per annum exclusive of the pay of a senior

56

Inspector and a peon required for the Marketing Department. The Financial Secretary is not in favour of any change in the existing system and suggests that the special staff for land mortgage work may look after the work relating to the marketing societies also.

Paras 78 & 82 of the Memo.

I have discussed these proposals with the Registrar of Co-operative Societies and as I found that sanction had to be accorded to them in view of the reasons detailed by me in paras 2,3 and 4 supra it was proposed by me that the matter might be considered at a meeting of the Council.

This subject was accordingly discussed at a meeting of the Council on the 5th and 6th instant and it was resolved as follows:-

> "The duties to be assigned to the Deputy Registrar will be examined separately. Subject to this the proposals may be sanctioned."

I solicit the gracious approval of His Highness to the above resolution.

Approval may be accorded for the distribution of the ministerial and menial establishment sanctioned as per reorganisation proposals among the several offices as proposed. The total no of posts falling vacant mentioned in the annexure to the G.O. dated 1.6.42

Pending the formation of the newly constituted divisional offices and the distribution of the staff, the establishment charges according to the existing scale in the Inspectorate, ministerial and menial cadre may be permitted to be disbursed as recommended.

As regards the redistribution of charge of inspectors, it seems to have been evenly distributed as far as possible, though there are some lighter charges such as Attikere Chikballapur, Chikmagalur, which have only 23 Societies. Even Holenarsipur has 23 Societies. Some Circles in Malnad such as Honnali, Sorab & Koppa have 20, 19 & 16 Societies respectively. But nothing can be helped as the area to be traversed will be proportionately large and the no of Societies in Malnad is comparatively few. In Kadur Dr., Kadur & Mudigere Dys have been clubbed together though they are adjoining Dys. Both of them comprise 31 Societies out of which 19 are in the Kadur Dy since Mudigere alone have only about 12 Societies

These two Deps are probably clubbed because no other arrangement is possible & Mudgere itself cannot either be constituted as a separate circle ~~and~~ or clubbed to Chikmagalur which is already heavy. So the proposals as submitted by the Registrar seem to be generally suitable and may perhaps be approved.

The request of the Registrar that he may be empowered to make minor adjustments that may be administratively necessary with the formal approval of Govt may also be perhaps approved

GENERAL SECRETARY. 23 SEP. 1940

J.Appaji Gowda,Esq.,B.A.,(Hons),
General Secretary to the Government
of Mysore, B a n g a l o r e.

Sir,

Subject:- Redistribution of the charges of the Divisional Officers of the Department so as to make each Officer responsible for all items of Co-operative work in his jurisdiction - credit,marketing, land-mortgage etc.

I have the honour to state that there are at present six Co-operative Divisions, each in charge of one Officer as noted in the margin and one

Name of Division.	Jurisdiction.	No. of societies on 30-6-1940
1.Deputy Registrar.	Societies in Bangalore City,Bangalore and Anekal Taluks.	181

Assistant Registrar in exclusive charge of the Land Mortgage Societies. Similarly there are 43 Inspectors of Co-operative Societies in charge of 43 Co-operative Circles and 11 Inspectors in exclusive charge of the Land-Mortgage Societies whose number on 30th June 1940 stood at 42 and to-day stands at 43. The staff of the Land-Mortgage Inspectors which is placed on a temporary basis at present has grown from 6 hands in 1937 to eleven at present and as the ultimate aim is to give the benefit of the Land Mortgage Scheme to the entire State and cover the whole area with a net work of Land-Mortgage Societies at the rate of

P.T.O.

of one for each Taluk, it will be necessary to increase the special staff by an addition of about ten hands in pursuance of the policy laid down of having an exclusive staff for this work at the rate of one Inspector for every four Land-mortgage Societies. This arrangement has not worked as satisfactorily as expected when the scheme was sanctioned and it is therefore necessary to consider a better and more suitable arrangement which would give more satisfactory results I have given very careful consideration to this matter and it looks to me that the principal draw-back in the present system is that ther are one set of Inspectors for ordinary co-operative work and another set for Land-mortgage work. It will be apparent that an officer with a wide jurisdiction will not have that personal touch and close contact and local knowledge necessary for a proper study and appreciation of the economic condition of the applicants for loans from the Land-mortgage Bank. In my opinion if one Inspector is entrusted with all items of co-operative work, his jurisdiction being proportionatel reduced, he will be able to devote concentrated attention to the work in the limited sphere and to acquire more intimate knowledge of the people and their conditions and thereby to speed up the disposal of loan applications of the agriculturists from the Land-mortgage Bank This will also mean less waste of time in journeying and less cost by way of Travelling allowance. I think that by a judicious redistribution of the charges of the Inspectors, it would be possible to fix the number of Circles at 57 instead of having 43 Inspectors for ordinary co-operative work and 20 special Inspectors for Land-mortgage work. Similarly instead of having an Assistant Registrar in exclusiv charge of all the Land-mortgage societies throughout the State, the charges of the Divisional Officers may be redistributed and they may be entrusted with Land-mortgage work also in their respective jurisdictions. Thus the responsibility for a sound development of all the phases of Co-operative activities (credit, land-mortgage, supply and marketing) in the Districts will vest in the Divisional Officers and proper co-ordination between the several activities will be assured. My predecessor, Mr.M.G.Mehkri,B.A.,LL.B., was also definitely of opinion that a special staff for work relating to Land-mortgage work

work exclusively was not conducive to the proper and efficient working of the scheme. His views on the subject submitted to Government with this office letter No.6931/C.S.dated 26th February 1937 are noted below:-

"To have a separate Valuation Staff will be very costly. The present arrangement of entrusting the work to local Co-operative Inspectors seems to work more satisfactorily and also tends towards -- speedier investigation, but where such work is tacked on to Inspectors, the charge of each such Inspector should not consist of more than 35 societies. This would involve a regrouping of charges of Inspectors and employment of additional Inspectors".

2. But owing to the frequent representations of Diwan Bahadur Rajasabhabhushana Mr.K.R.Srinivasa Iyengar,M.A., the President of the Bank, and the Deputy Registrar's support to that proposal who was then in direct charge of the Land Mortgage Scheme, I acquiesced in the - appointment of the special staff of Inspectors exclusively for Land mortgage work. But the practical experience gained during these three years in the working of the Scheme has shown that better and more satisfactory results could be achieved by placing all co-operative work in charge of one Inspector instead of having two sets of officers. No doubt in Madras there is a Special Staff of Deputy Registrars and Sub-Deputy Registrars for the Land-mortgage work, but conditions in Madras stand on a different footing. The Revenue Districts and Taluks are considerably larger and there are about 400 to 500 societies in each District whereas in the Mysore State, barring the Bangalore District, the number of societies per District comes to 200 on the average. Similarly in Madras an Inspector is in charge of nearly about 60 societies and has a very much wider jurisdiction than our Inspectors. In these circumstances, the Deputy Registrars of Districts in Madras cannot - attend to the work relating to the Land-mortgage Scheme and that explains why there is a special staff of 33 Sub-Deputy Registrars and three Deputy Registrars solely for Land-mortgage work. But owing to the compact areas of the Districts and Taluks, in the Mysore State, it would conduce to efficient work if a redistribution is effected as proposed. Even in Madras the latest opinion is in favour of such amalga-

amalgamation. The following extract from the recently pubslished Report of the Committee on Co-operation in Madras 1939-40, is to the point:-

"Discontinue having separate Land-mortgage Bank Deputy Registrars and vest work connected with Land-mortgage Banks in the District Deputy Registrars:-- For this purpose the District Deputy Registrars should be relieved of a portion of their present work; an increase in the number of District Deputy Registrars may be necessary in special circumstances. The District Deputy Registrars have much smaller charges, their local knowledge is bound to be greater and it is desirable that all the co-operative activities in a District should be co-ordinated and that a unity of purpose now lacking should be imparted to such activities." These observations apply with equal force to our Inspectors also.- The District Deputy Registrars correspond to our Assistant Registrars.

3. The extra cost involved in the proposal comes to Rs.1,515⅓ per annum as per statement enclosed, While the cost of having 9 more Inspectors for the expansion of the Land Mortgage Scheme under the existing arrangements would come to Rs.11,724/-. There is thus a distinct prospective savings to Government of Rs.10,208⅔. I may add that with a view to keep down cost, I have reduced the scale of pay of some temporary and acting peons working in Divisional Offices and under Inspectors. I have also provided for an increase in the number of clerks and and peons consequent on the formation of seven Divisional Offices instead of six.

4. I have on hand proposals for the organisation of ~~some~~ Land mortgage societies in the marginally noted ten Taluks, ~~those~~ the investigations having

1.Challakere	6.Bagepalli
2.Hosadurga	7.Mulbagal
3.Arsikere	8.Krishnarajpet
4.Hoskote	9.Malavalli

been conducted and the Land Mortgage Bank having agreed to the introduction of the scheme to the said Taluks and when they are registered two more Inspectors on Rs.40-5-75 + F.T.A. Rs.35/- and two peons on Rs.11/ each will have to be sanctioned involving a cost of Rs.2,605⅓. Even on this consideration, my present proposals would result in an immediate savings of Rs.Rs.2,605⅓-1,515⅓ = 1,090 per annum.

Sir,

With reference to your letter No.A.F.2318/C.S.26-40-2 dated 26th October 1940, I have the honour to forward, herewith, proposition statements in duplicate in the prescribed form in connection with the re-organisation of this Department and to state that the number of societies comprising each Circle before and after re-organisation is indicated in the statement relating to the charge of Inspectors of Co-operative Societies appended herewith. The Government orders sanctioning the existing scales of Establishment are also mentioned in the proposition statement in the columns provided therefor.

As the proposals for the re-organisation involved the distribution of the work connected with the Land Mortgage Scheme among the Deputy Registrar of Co-operative Societies and the other six Assistant Registrars of Co-operative Societies, the duties now performed and the powers now exercised by the Assistant Registrar of Co-operative Societies, Land Mortgage Scheme, under Government Order No.A.F.1900-1/C.S.40-39-2 dated 23rd October 1939 will have to be conferred on all the seven Officers in charge of the Divisions.

DEPARTMENT OF CO-OPERATION

Telegraphic Address "CO-OPERT" Bangalore.

OFFICE OF THE REGISTRAR OF CO-OPERATIVE SOCIETIES IN MYSORE.

Dated Bangalore, 20th September *1940.*

FROM

M. ABDUL HUKH, ESQ., B.A.,
Registrar of Co-operative Societies in Mysore,
BANGALORE.

To

J.Appaji Gowda,Esq.,B.A.,(Hons),
General Secretary to the Government
of Mysore, B a n g a l o r e.

Sir,

Subject:- Redistribution of the charges of the Divisional Officers of the Department so as to make each Office responsible for all items of Co-operative work in his jurisdiction - credit,marketing, land-mortgage etc.

I have the honour to state that there are at present six Co-operati[illegible] Divisions, each in charge of one Officer as noted in the margin and one

Name of Division.	Jurisdiction.	No.of societies on 30-6-1940

Assistant Registrar in exclusi[illegible] charge of the La[illegible] Mortgage Societi[illegible] Similarly there [illegible] 43 Inspectors of [illegible] Co-operative Soci[illegible] ties in charge o[illegible] 43 Co-operative Circles and 11 I[illegible] spectors in ex[illegible] clusive charge [illegible] the Land-Mortgage Societies whose number on 30th June 1940 stood at 42 and to-day stands at 43. The staff of the Land-Mortgage Inspectors which is placed on a temporary basis at present has grown from 6 hands in 1937 to eleven at present and as the ultimate aim is to give the benefit of the Land Mortgage Scheme to the entire State and cover the whole area with a net work of Land-Mortgage Societies at the rate of

P.T.O.

of one for each Taluk, it will be necessary to increase the special staff by an addition of ten hands in pursuance of the policy laid down of having an exclusive staff for this work at the rate of one Inspector for every four Land-mortgage Societies. This arrangement has not worked as satisfactorily as expected when the scheme was sanctioned and it is therefore necessary to consider a better and more suitable arrangement which would give more satisfactory results. I have given very careful consideration to this matter and it looks to me that the principal draw-back in the present system is that there are one set of Inspectors for ordinary co-operative work and another set for Land-mortgage work. It will be apparent that an officer with a wide jurisdiction will not have that personal touch and close contact and local knowledge necessary for a proper study and appreciation of the economic condition of the applicants for loans from the Land-mortgage Bank. In my opinion if one Inspector is entrusted with all items of co-operative work, his jurisdiction being proportionately reduced, he will be able to devote concentrated attention to the work in the limited sphere and to acquire more intimate knowledge of the people and their conditions and thereby to speed up the disposal of loan applications of the agriculturists from the Land-mortgage Bank. This will also mean less waste of time in journeying and less cost by way of Travelling allowance. I think that by a judicious redistribution of the charges of the Inspectors, it would be possible to fix the number of Circles at 57 instead of having 43 Inspectors for ordinary co-operative work and 20 special Inspectors for Land-mortgage work. Similarly instead of having an Assistant Registrar in exclusive charge of all the Land-mortgage societies throughout the State, the charges of the Divisional Officers may be redistributed and they may be entrusted with Land-mortgage work also in their respective jurisdictions. Thus the responsibility for a sound development of all the phases of Co-operative activities (credit, land-mortgage, supply and marketing) in the Districts will vest in the Divisional Officers and proper co-opdination between the several activities will be assured. My predecessor, Mr.M.G.Mehkri,B.A.,LL.B., was also definitely of opinion that a special staff for work relating to Land-mortgage work

work exclusively was not conducive to the proper and efficient workin of the scheme. His views on the subject submitted to Government with this office letter No.6931/C.S.dated 26th February 1937 are noted below:-

"To have a separate Valuation Staff will be very costly. The present arrangement of entrusting the work to local Co-operative Inspectors seems to work more satisfactorily and also tends towards -- speedier investigation, but where such work is tacked on to Inspecto the charge of each such Inspector should not consist of more than 35 societies. This would involve a regrouping of charges of Inspector and employment of additional Inspectors"

2. But owing to the frequent representations of Diwan Bah Rajasabhabhushana Mr.K.R.Srinivasa Iyengar,M.A., the President Bank, and the Deputy Registrar's support to that proposal who in direct charge of the Land Mortgage Scheme, I acquiesed in appointment of the special staff of Inspectors exclusively fo mortgage work. But the practical experience gained during thes years in the working of the Scheme has shown that better and mo satisfactory results could be achieved by placing all co-opera in charge of one Inspector instead of having two sets of offi doubt in Madras there is a Special Staff of Deputy Registrars Deputy Registrars for the Land-mortgage work, but conditions stand on a different footing. The Revenue Districts and Ta considerably larger and there are about 400 to 500 societies District whereas in the Mysore State, barring the Bangalore Di the number of societies per District comes to 200 on the avera larly in Madras an Inspector is in charge of nearly about 60 and has a very much wider jurisdiction than our Inspectors. circumstances, the Deputy Registrars of Districts in Madras canno attend to the work relating to the Land-mortgage Scheme and that plains why there is a special staff of 33 Sub-Deputy Registrars three Deputy Registrars solely for Land-mortgage work. But ow the compact areas of the Districts and Taluks, in the Mysore would conduce to efficient work if a redistribution is eff posed. Even in Madras the latest opinion is in favour of

150

amalgamation. The following extract from the recently pubslished Report of the Committee on Co-operation in Madras 1939-40, is to the point:-

"Discontinue having separate Land-mortgage Bank Deputy Registrars and vest work connected with Land-mortgage Banks in the District Deputy Registrars:-- For this purpose the District Deputy Registrars should be relieved of a portion of their present work; an increase in the number of District Deputy Registrars may be necessary in special circumstances. The District Deputy Registrars have much smaller charges, their local knowledge is bound to be greater and it is desirable that all the co-operative activities in a District should be co-ordinated and that a unity of purpose now lacking should be imparted to such activities." These observations apply with equal force to our Inspectors also - The District Deputy Registrars correspond to our Assistant Registrars.

3. The extra cost involved in the proposal comes to Rs.1,575 per annum as per statement enclosed. While the cost of having more Inspectors for the expansion of the Land Mortgage Scheme under the existing arrangements would come to Rs:11,724/-. There is thus a distinct prospective savings to Government of Rs.10,149. I may add that with a view to keep down cost, I have reduced the scale of pay of some temporary and acting peons working in Divisional Offices and under Inspectors. I have also provided for an increase in the number of clerks and and peons consequent on the formation of seven Divisional Offices instead of six.

4. I have on hand proposals for the organisation of some societies in the marginally noted ten Taluks, whose investigations having been conducted and the Land Mortgage Bank having agreed to the introduction of the scheme to the said Taluks and when they are registered two more Inspectors on Rs.40-5-75 + F.T.A. Rs.35/- and two peons on Rs.11/ each will have to be sanctioned involving a cost of Rs.2,725. Even on this consideration, my present proposals would result in an immediate savings of Rs.Rs.2,725-1,575 = 1,150 per annum.

DEPARTMENT OF CO-OPERATION.

OFFICE OF THE REGISTRAR OF CO-OPERATIVE SOCIETIES IN MYSORE.

D. O. No. 4198

Dated Bangalore, 21st February 194 1

3054

Dear Sir,

In inviting your kind reference to this office letter No.5418 C.S.dated 29th November 1940 forwarding proposition statements in duplicate in the prescribed form in connection with the re-organisation of the Staff of the Department and the redistribution of the charges of the officers and Inspectors of co-operative Societies, I write to state that in the [illegible] column of the proposition statement pertaining to the Menial establishment, the scale of the menial establishment sanctioned to the Assistant Registrar of Co-operative Societies, Land Mortgage Scheme, Bangalore in G.O.No.A.F.993-4/C.S.79-38-6 dated 13th/14th September 1939 has been noted by mistake as 2 peons on Rs.10/- each. It should have been 2 peons on Rs.11/- each. After the necessary correction, the total cost of the present scale works out to Rs.424 1/5 and not Rs.422 1/5 as mentioned in the statement. Thus instead of a net increase of 7/15 p.m. there will be a net decrease of Re.1 8/15 p.m. The necessary alterations may kindly be made in this statement.

pl bring up in what scale is this

D. O. No. 670 C.S dated 7-5-42 *Dated Bangalore,* 7th May. *1942*

Dear Mr.Appaji Gowda,

I return, here-with, the draft order proposed to be issued in regard to the Re-organisation of the Co-operative Department kindly sent with your D.O.letter No.15/G.S. dated 5th May 1942 for my perusal. The G.O. is quite suitable except for the fact that after the submission of proposals , several Land Mortgage Societies were started and the present distribution of Inspector's charges, therefore, require some slight alteration. This, however, need not prevent the issue of the Government order as in consulation with the President of the Mysore Central Co-operative Land Mortgage Bank, I shall submit separate proposals for re-distribution. Hence the second sentence in the last para of the draft order may suitably be revised. As regards the penultimate sentence in the last para of the order, the portion rounded by me in pencil may be retained.

Yours sincerely,

J.Appaji Gowda,Esq.,B.A.,(Hons)

For Registrar.

Resolution passed by the Board of Directors of the Mysore Central Co-operative Land Mortgage Bank Ltd., Bangalore City, at their meeting held on 18-5-1941.

---

10. Subject:- D.O. letter No.607 dated 26-4-1941 from the Registrar of Co-operative Societies calling for the views of the Bank on the suggestions of the Registrar re: reducing the jurisdiction of Inspectors of Co-operative Societies &c., and entrusting them with all co-operative work in the area including Land Mortgage work.

The letter was read. The President said that he learnt that in Madras the withdrawal of special staff of Deputy Registrars and Sub Deputy Registrars sanctioned exclusively for land mortgage work and tacking on the work to the ordinary staff of the co-operative Department was under contemplation and that in Mysore also, he thought it would be better if there was a common Inspector and Assistant Registrar for Land Mortgage Societies as well as the ordinary societies so that the affairs of each society might be watched by the same staff. He therefore agreed with the view suggested by the Registrar for reasons explained by the latter in his letter.

Mr. A.K. Vegnanarayan Aiyer was of opinion that instead of immediately withdrawing the special staff, the new proposal may, as an experimental measure, be worked in a few taluks and the results watched.

Mr. B.R. Krishnamachar welcomed the suggestion of the Registrar and said that the Board might accept the suggestion.

It was resolved that the proposals contained in the Registrar's letter were suitable and that the Board's consent to the same may be communicated to the Registrar.

forwarding certain modified proposals for the redistribution of work among the Division Officers and Inspectors and consequent reorganisation of the several grades of the establishment of the Department.

8. Government Order No.A.F.5591-2/C.S. 62-41-2 dated 9th April 1942 sanctioning the conversion of the post of the Head Clerk on Rs.100/- in the office of the Registrar of Cooperative Societies into a graded one on Rs.100-5-125.

ORDER NO. A 76580-83. 1-6-

BANGALORE, DATED THE ~~APRIL~~, 1942.

The reorganisation of the several cadres of the Department of Cooperation was sanctioned in August 1928. With the additions and retrenchments effected from time to time, there were five gazetted officers (exclusive of the Registrar) 37 permanent Inspectors, 5 temporary Inspectors, one Probationary Inspector, 34 Clerks and 70 peons in the Department at the end of June 1936.

2. In accordance with the recommendations of the Committee on Cooperation, orders were issued in 1938 increasing the cadre of the Assistant Registrars by two, in grade Rs.150-25/2-250, one of them being

~~P.A. to~~

~~P.A.~~ to the Personal Assistant to Registrar. The post of the Manager in grade Rs.100-5-125 was abolished and one of the Clerks in grade Rs.75-5-95 was designated Head Clerk on Rs.100/-. The grade of the Deputy Registrar was revised to Rs.500-50/2-600 and one additional Inspector in grade Rs.40-5-75 and five peons were sanctioned.

3. With the introduction of the Land Mortgage Scheme, an additional establishment of one Assistant Registrar in grade Rs.150-25/2-250, one Clerk-Typist in grade Rs.30-3/2-45, two peons on Rs.11/- each per mensem and 13 Inspectors in grade Rs.40-5-75 with 13 peons on Rs.11/- each per mensem along with a fixed travelling allowance to Inspectors of Rs.35/- each per mensem was sanctioned solely for work connected with the L.M. Scheme. With the organisation of the Malnad Areca Marketing Cooperative Society at Shimoga, there was some redistribution of the charges of the Divisional officers of the Department.

4. Thus in the general cadre of the establishment there are six Divisional officers (exclusive of the Registrar and his Personal Assistant), 38 permanent Inspectors, one Probationary and five temporary Inspectors with 29 Clerks and the necessary menial staff. Besides this, there are 13 Inspectors, an Assistant Clerk Typist

Registrar

~~Registrar and a Clerk-Typist~~ to supervise the working of the Land Mortgage Societies.

5. The Registrar now represents that the scheme of having a separate establishment exclusively for Land Mortgage work has not worked satisfactorily as these officers having wide jurisdiction do not have that personal touch, close contact and local knowledge necessary for a proper study and appreciation of the economic and local conditions of the applicants for loans from the land mortgage societies. He opines that the Inspectors of the Department should be entrusted with all items of cooperative work, their jurisdiction being proportionately reduced so that it may enable them to devote concentrated attention to the work in a limited sphere and acquire a more intimate knowledge of the people and their conditions and thereby contribute to the speedy disposal of loan applications. He therefore proposes that the special staff now engaged for land mortgage work be absorbed in the regular cadre of the Department and the jurisdiction of the Assistant Registrars and Inspectors be revised suitably so that the area under their control be reduced, and prompt and efficient despatch of business is ensured. For this purpose, it is proposed to have eight Divisional officers, instead of seven (including the Assistant Registrar for Land Mortgage Scheme) and to distribute the work

territorially

territorially among them. The President and Directors of the Central Land Mortgage Bank are agreeable to the arrangement proposed.

6. In the Government Order No.D.5297-5357/ I.& C.303-40-2 dated 18th April 1941 sanctioning the organisation of a separate marketing department in the State, it was ordered that an Assistant Registrar with a small staff may be spared from the Cooperative Department for work ~~in~~ under the Chief Marketing Officer for the organisation of regulated markets, grading stations and cooperative societies for marketing agricultural produce. It is now considered desirable to entrust this work also to the Assistant Registrars in charge of divisions, they being responsible for this work to the Chief Marketing Officer who will exercise the powers of a joint Registrar in respect of marketing societies. It is considered enough if a senior Co-operative Inspector with a peon is posted for work ~~with a peon~~ under the Chief Marketing Officer to deal with the work of coordinating the activities in this direction in the several divisions.

7. To give effect to these arrangements, the Registrar has sent up proposals regarding the strength of the staff of the Cooperative Department according to which, there will be 8 Divisional officers with 33 Clerks and 38 peons and 57 Inspectors with

~~33 Clerks~~

~~33 Clerks and 38 peons and 57 Inspectors~~ with 57 peons apart from one Senior Inspector and a peon to be appointed for the Marketing Department.

On the recommendation of the Registrar, Government have separately sanctioned the conversion of the post of the Head Clerk of the Registrar's office on Rs.100/- into a graded one on Rs.100-5-125 at an average extra cost of Rs.225/- per annum.

After a careful consideration of the suggestions made by the Registrar, Government are pleased to direct that the establishment sanctioned exclusively for Land Mortgage Work be merged in the general cadre of the Department and that this work be attended to by the officers along with the other work of the Department. The reorganisation of the several cadres of the Department and the redistribution of work among the Gazetted Officers ~~and Inspectors~~ as detailed in the annexures (A & B) are approved. The average extra cost of the reorganisation will be Rs.3389 14/15 (Rs 3390 as indicated in Annexure C(B)) per annum. The additional expenditure during the current year will be met from the savings in the provision for Salaries and Establishment under "29 Cooperative Societies" and necessary provision made therefor in the budgets of the next and succeeding years. Government are also pleased to sanction the appointment of an additional Inspector in grade 75-5-125 and a peon on Rs.11/- at an

ORDER NO. Af-6580-82 / C.S. 26-40-5
1-6

Dated, Bangalore, the ~~xxxi May~~ 1942.

The reorganisation of the several cadres of the Department of Co-operation was sanctioned in August 1928. With the additions and retrenchments effected from time to time, there were five gazetted officers (exclusive of the Registrar) 37 permanent Inspectors, 5 temporary Inspectors, one Probationary Inspector, 34 clerks and 70 peons in the Department at the end of June 1936.

2. In accordance with the recommendations of the Committee on Co-operation, orders were issued in 1938 increasing the cadre of the Assistant Registrars by two, in grade Rs.150-25/2-250 one of them being the Personal Assistant to the Registrar. The post of the Manager in grade Rs.100-5-125/- was abolished and one of the Clerks in grade Rs.75-5-95 was designated Head Clerk on Rs.100/-. The grade of the Deputy Registrar was revised to Rs. 500-50/2-600/- and one additional Inspector in grade Rs.40-5-75/- and five peons were sanctioned.

3. With the introduction of the Land Mortgage Scheme, an additional establishment of one Assistant Registrar in grade Rs. 150-25/2-250/-, one Clerk-Typist in grade Rs.30-3/2-45, two peons on Rs.11/- each per mensem and 13 Inspectors in grade Rs.40-5-75/- with 13 peons on Rs.11/- each per mensem along with a fixed travelling allowance to Inspectors of Rs.35/- each per mensem was sanctioned solely for work connected with the Land Mortgage Scheme. With the organisation of the Malnad Areca Marketing Co-operative Society at Shimoga, there was some redistribution of the charges of the Divisional Officers of the Department.

4. Thus in the general cadre of the establishment there are six Divisional Officers (exclusive of the Registrar and his personal Assistant), 38 permanent Inspectors, one Probationary and five temporary Inspectors with 29 Clerks and the necessary menial staff. Besides this, there are 13 Inspectors, one clerk-typist and an Assistant Registrar to supervise the working of the Land Mortgage Societies.

5. The Registrar now represents that the scheme of having a separate establishment exclusively for land mortgage work has not worked satisfactorily as these Officers having wide jurisdiction do not have that personal touch, close contact and local knowledge necessary for a proper study and appreciation of the economic and local conditions of the applicants for loans from the land mortgage societies He opines that the Inspectors of the Department should be entrusted with all items of co-operative work, their jurisdiction being proportionately reduced so that it may enable them to devote concentrated attention to the work in a limited sphere and acquire a more intimate knowledge of the people and their conditions and thereby contribute to the speedy disposal of loan applications. He therefore proposes that the special staff now engaged for land mortgage work be absorbed in the regular cadre of the Department and the jurisdiction of the Assistant Registrars and Inspectors be revised suitably so that the area under their control be reduced, and prompt and efficient despatch of business is ensured. For this purpose, it is proposed to have eight Divisional Officers, instead of seven (including the Assistant Registrar for Land Mortgage Scheme) and to distribute the work territorially among them. The President and Directors of the Central Land Mortgage Bank are agreeable to the arrangement proposed.

6. In the Government Order No.D.5297-5357/I.&.C.303-40-2 dated 18th April 1941, sanctioning the organisation of a separate marketing department in the State, it was ordered that an Assistant Registrar with a small staff may be spared from the Co-operative Department for work under the Chief Marketing Officer for the organisation of regulated markets, grading stations and co-operative societies for marketing agricultural produce. It is now considered desirable to

to entrust this work also to the Assistant Registrars in charge of divisions, they being responsible for this work to the Chief Marketing Officer who will exercise the powers of a joint Registrar in respect of marketing societies. It is considered enough if a senior Co-operative Inspector with a peon is posted for work under the Chief Marketing Officer to deal with the work of co-ordinating the activities in this direction in the several divisions.

7. To give effect to these arrangements, the Registrar has set up proposals regarding the strength of the staff of the Co-operative Department according to which, there will be 8 Divisional Officers with 33 Clerks and 38 peons and 57 Inspectors with 57 peons apart from one Senior Inspector and a peon to be appointed for the Marketing Department.

On the recommendation of the Registrar, Government have separately sanctioned the conversion of the post of the Head Clerk of the Registrar's Office on Rs.100/- into a graded one on Rs. 100-5-125/- at an average extra cost of Rs.225/- per annum.

After a careful consideration of the suggestions made by the Registrar, Government are pleased to direct that the establishment sanctioned exclusively for land mortgage work be merged in the general cadre of the Department and that this work be attended to by the Officers along with the other work of the Department The re-organization of the several cadres of the Department and the redistribution of work among the Gazetted Officers as detailed in the Annexure (A) are approved. Separate orders will issue in respect of redistribution of charges of Inspectors. The average extra cost of the re-organisation will be Rs.3,390/- per annum as indicated in ~~Appendix~~ Annexure B. The additional expenditure during the current year will be met from the savings in the provision for Salaries and Establishment under "29 Co-operative Societies" and necessary provision made therefor in the budgets of the next and succeeding years. Government are also pleased to sanction the appointment of an additional Inspector in grade Rs.75-5-125/- and a peon on Rs.11/- at an average cost of Rs. 1,392/- per annum; the cost being met from the Budget of the Marketing Department.

6. Government Order No. A. F. 5591-2—C. S. 62-41-2, dated 9th April 1942, sanctioning the conversion of the post of the Head Clerk on Rs. 100 in the Office of the Registrar of Co-operative Societies into a graded one on Rs. 100—5—125.

ORDER No. A. F. 6580-83—C. S. 26-40-5, DATED BANGALORE, THE 1ST JUNE 1942.

The re-organisation of the several cadres of the Department of Co-operation was sanctioned in August 1928. With the additions and retrenchments effected from time to time, there were five gazetted officers (exclusive of the Registrar), thirty-seven permanent Inspectors, five temporary Inspectors, one Probationary Inspector, thirty-four clerks and seventy peons in the Department at the end of June 1936.

2. In accordance with the recommendations of the Committee on Co-operation, orders were issued in 1938, increasing the cadre of the Assistant Registrars by two, in grade Rs. 150—25/2—250, one of them being the Personal Assistant to the Registrar. The post of the Manager in grade Rs. 100—5—125 was abolished and one of the clerks in grade Rs. 75—5—95 was designated Head Clerk on Rs. 100. The grade of the Deputy Registrar was revised to Rs. 500—50/2—600 and one additional Inspector in grade Rs. 40—5—75 and five peons were sanctioned.

3. With the introduction of the Land Mortgage Scheme, an additional establishment of one Assistant Registrar in grade Rs. 150—25/2—250, one Clerk Typist in grade Rs. 30—3/2—45, two peons on Rs. 11 each per mensem and thirteen Inspectors in grade Rs. 40—5—75 with thirteen peons on Rs. 11 each per mensem along with a fixed travelling allowance to Inspectors of Rs. 35 each per mensem was sanctioned solely for work connected with the Land Mortgage Scheme. With the organisation of the Malnad Areca Marketing Co-operative Society at Shimoga, there was some redistribution of the charges of the Divisional Officers of the Department.

4. Thus in the general cadre of the establishment there are six Divisional Officers (exclusive of the Registrar and his Personal Assistant), 38 permanent Inspectors, one Probationary and five temporary Inspectors with 29 Clerks and the necessary menial staff. Besides this, there are 13 Inspectors, one clerk-typist and an Assistant Registrar to supervise the working of the Land Mortgage Societies.

153

5. The Registrar now represents that the scheme of having a separate establishment exclusively for land mortgage work has not worked satisfactorily as these officers having wide jurisdiction do not have that personal touch, close contact and local knowledge necessary for a proper study and appreciation of the economic and local conditions of the applicants for loans from the land mortgage societies. He opines that the Inspectors of the Department should be entrusted with all items of co-operative work, their jurisdiction being proportionately reduced so that it may enable them to devote concentrated attention to the work in a limited sphere and acquire a more intimate knowledge of the people and their conditions and thereby contribute to the speedy disposal of loan applications. He therefore proposes that the special staff now engaged for land mortgage work be absorbed in the regular cadre of the Department and the jurisdiction of the Assistant Registrars and Inspectors be revised suitably so that the area under their control be reduced, and prompt and efficient despatch of business is ensured. For this purpose, it is proposed to have eight Divisional Officers, instead of seven (including the Assistant Registrar for Land Mortgage Scheme) and to distribute the work territorially among them. The President and Directors of the Central Land Mortgage Bank are agreeable to the arrangement proposed.

6. In the Government Order No. D. 5297-5357—I. & C. 303-40-2, dated 18th April 1941, sanctioning the organisation of a separate marketing department in the State, it was ordered that an Assistant Registrar with a small staff may be spared from the Co-operative Department for work under the Chief Marketing Officer for the organisation of regulated markets, grading stations and co-operative societies for marketing agricultural produce. It is now considered desirable to entrust this work also to the Assistant Registrars in charge of Divisions, they being responsible for this work to the Chief Marketing Officer who will exercise the powers of a Joint Registrar in respect of marketing societies. It is considered enough if a senior Co-operative Inspector with a peon is posted for work under the Chief Marketing Officer to deal with the work of co-ordinating the activities in this direction in the several divisions.

7. To give effect to these arrangements, the Registrar has sent up proposals regarding the strength of the staff of the Co-operative Department according to which, there will be 8 Divisional Officers with 33 Clerks and 38 peons and 57 Inspectors with 57 peons apart from one Senior Inspector and a peon to be appointed for the Marketing Department.

8. On the recommendation of the Registrar, Government have separately sanctioned the conversion of the post of the Head Clerk of the Registrar's Office on Rs. 100 into a graded one on Rs. 100—5—125 at an average extra cost of Rs. 225 per annum.

9. After a careful consideration of the suggestions made by the Registrar, Government are pleased to direct that the establishment sanctioned exclusively for land mortgage work be merged in the general cadre of the Department and that this work be attended to by the Officers along with the other work of the Department. The re-organization of the several cadres of the Department and the redistribution of work among the Gazetted officers as detailed in the Annexure (A) are approved. Separate orders will issue in respect of redistribution of charges of Inspectors. The average extra cost of the re-organisation will be Rs. 3,390 per annum as indicated in Annexure (B). The additional expenditure during the current year will be met from the savings in the provision for Salaries and Establishment under "29. Co-operative Societies" and necessary provision made therefor in the budgets of the next and succeeding years. Government are also pleased to sanction the appointment of an additional Inspector in grade Rs. 75—5—125 and a peon on Rs. 11 at an average cost of Rs. 1,392 per annum, the cost being met from the Budget of the Marketing Department.

GENERAL SECRETARY.
16 JUNE 1942

Sir,

Adverting to G. O. No.A.F.6580-83/C.S.26-40-5 dated 1-6-1942 wherein it hasbeen stated that separate orders will issue in respect of redistribution of charges of Inspectors of Co-operative Societies, I have the honour to state that, since the submission of my proposals in this respect, many Land Mortgage Societies have been started and that the number of Land Mortgage Societies stands at 65 at present. This necessitates a change in the redistribution of the charges of the Inspectors orginally proposed. I therefore request that the charges of the Inspectors may be redistributed as per statement enclosed. The President of the Mysore Central Co-operative Land Mortgage Bank, Ltd., whom I consulted in the matter is agreeable to the proposed redistribution. A copy of his letter No.S.I. 969 dated 12-6-1942 on the subject is enclosed for the information of Government.

I also request that I may be empowered to make minor adjustments that may be administratively necessary, with the formal approval of Government.

I have the honour to be,
Sir,
Your most obedient servant,

Registrar.

D.O. letter No.S.I.969 dated 12th June 1942 from the President, The Mysore Central Co-operative Land Mortgage Bank, Ltd., Bangalore City to the Registrar of Co-operative Societies in Mysore Bangalore.

I am in receipt of your D.O letter No.800 dated 11-6-1942 forwarding a copy of the Government Order and a statement showing the redistribution of the charges of the Inspectors of Co-operative Societies. I agree to the re-distribution proposed and the same may be given effect to

Any alternations in the redistribution that may be found necessary would be suggested later on after seeing how the present arrangement works.
